

1844

My dear friend

I have just received your letter of the 11th inst. and am
glad to hear from you. I am well and hope these few lines
will find you the same. I have been thinking much of late
of the state of the world and the progress of the
human race. It seems to me that we are making
great strides in knowledge and science, but that
our hearts are still in darkness. I hope that
the light of truth will soon dispel the
clouds of ignorance and superstition.

I am, my friend, ever your
affectionate friend,
Wm. Lloyd Garrison
